

## What are the TDI and TCI Programs?

**Temporary Disability Insurance (TDI)** protects workers against wage loss and provides partial wage payments to insured RI workers who can't work due to a temporary, non-work-related disability or injury. **Temporary Caregiver Insurance (TCI)** gives eligible workers benefits to care for a seriously sick family member, or to bond with a newborn, newly adopted or new foster-care child.

Both programs are funded exclusively by employees' TDI/TCI payroll deductions.

## How to Qualify for Rhode Island TDI/TCI

To qualify for TDI/TCI benefits, you must:

- Have your qualified healthcare provider complete the **TDI Medical Certification Form**. You must be certified out of work by your provider for a minimum of **7 consecutive days** for your disability (including childbirth)
- Have earned wages in Rhode Island and had enough of your wages deducted into the TDI/TCI fund for a specific period known as the **Base Period**
- For the current base period & monetary requirements please see: [bit.ly/DLTBenefitsQuickRef](https://bit.ly/DLTBenefitsQuickRef)

## When Should I Apply?

- You cannot file a claim ahead of time
- Apply for TDI/TCI benefits promptly to ensure you get your first payment without any delay or risk
- **TDI claims** must be submitted **within 90 days** of the first week you can't work due to illness
- **TCI claims** must be filed **within the first 30 days** from the start of your leave. If you are receiving TDI benefits for childbirth, you should not apply for TCI benefits for bonding with your newborn until you have "fully recovered (meaning you have completely recovered from childbirth)"
